

A l'hora del seguiment del exercici la professora ens va indicar de fer un rentat visual a tota l'aplicació, es a dir, que fos el mes similar al enunciat possible.

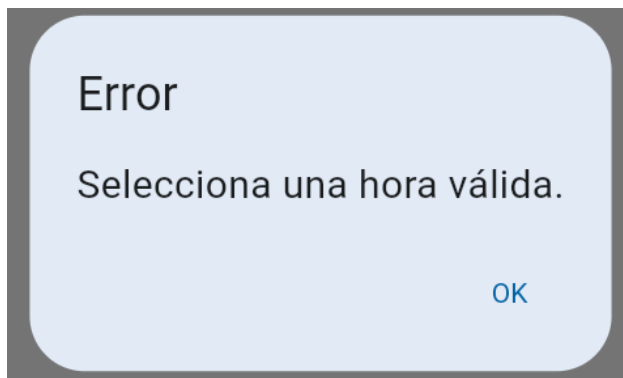

Que quan hem de seleccionar la hora si introduïm una hora mes petita que FROM, ha de donar un error.

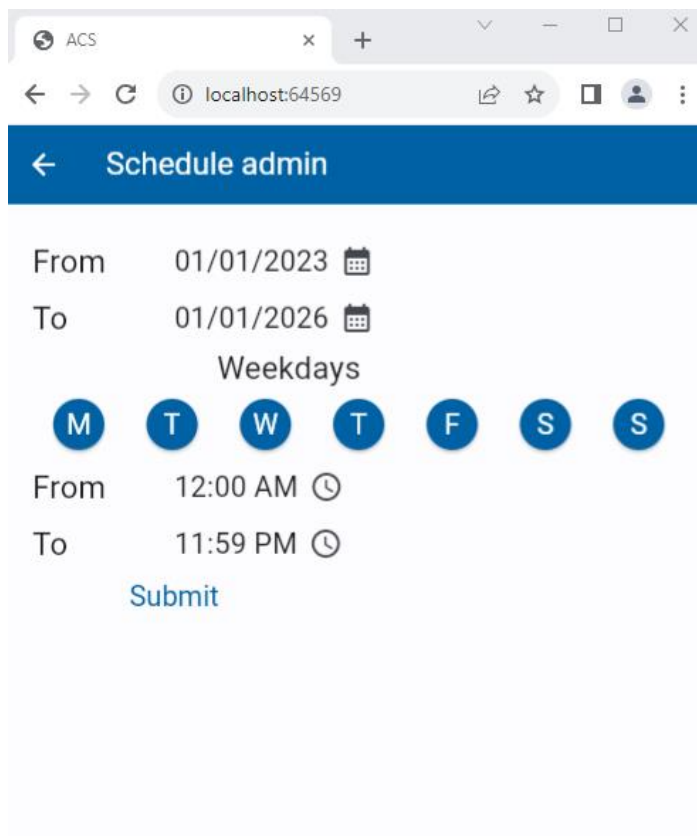

From 12:00 AM 🕒

To 11:59 PM 🕒

Submit

Implementar el weekdays selector

A screenshot of a web browser window. The address bar shows "localhost:64569". The page title is "Schedule admin". The form contains date pickers for "From" (01/01/2023) and "To" (01/01/2026). Below these is a "Weekdays" section with seven circular buttons labeled M, T, W, T, F, S, S. The first four buttons (M, T, W, T) are blue, while the last three (F, S, S) are white. Below the weekdays are time pickers for "From" (12:00 AM) and "To" (11:59 PM). A "Submit" button is at the bottom.
